Operating systems	Linux, Windows
Testing Experience	Manual, API, Functional, Regression, Data Migration, Smoke, Sanity, End to End, Acceptance, Mobile Web and Mobile APK, Web, Authentication, Integration, cross browser compatibility, Backend, DB, Cloud based applications, Hardware/device testing, ETL

PROFESSIONAL EXPERIENCE:

Senior Automation developer, Cloudexa

Jan 2022 – June 2023

Quality Assurance Analyst/Lead, KYC & Risk Team, Paysafe Group

Feb 2014 – December 2021

Paysafe provides Digital wallet service for online gambling with features as: add, withdraw, and transfer funds to and from merchants and other people. It also has prepaid cards associated with your wallet that can be used at POS terminals.

- Began as a QA Analyst on the KYC (Know Your Customer) and Risk team and swiftly earned a promotion to the role of QA Lead within a year. Specializing in projects related to Identity and Account ownership verification, based on strict regulatory requirements.
- Significantly reduced the verification process time by 90% (from an average of 5 days to 4 hours) through implementing integration with electronic and non-electronic Data brokers. This resulted in increased revenue due to higher transaction limits, decreased man hours, and improved customer experience.
- , where high risk transactions were not routed to the banks that might result in breach.

- JIRA for defect reporting, tracking, and test report preparation.

QA Analyst, Shaw Communications, Calgary

May 2013- Feb 2014

- coexistence and seamless functionality.

Quality Assurance Engineer, Sapiens

May 2012 – Jan 2013

- Updated database tables and wrote SQL queries to ensure data accuracy and integrity.
- Executed backend automated batch scripts, analyzed the results, and identified any issues or

Lead Quality Assurance Engineer, Bank Leumi

Feb 2011 – May 2012

- Developed and managed QA related documentation (STPs, STDs) (Quality Center)
- Conducted interface testing between system components by executing processes in the Main

Quality Assurance Engineer, Leumi Card-Leumi Check

May 2007 – Jan 2011

- Used Quality Center to execute, create and maintain test scenarios

EDUCATION

International Software Testing Qualification Board

2009

ISTQB Certificate – Foundation level

Holon Institute of Technology HIT, Israel

2008

B.sc in Management of Technology

TRAINING

Test Automation University.

2019- 2023

- Automated Visual Testing
- Introduction to TestNG
- Selenium WebDriver with Java
- Web Element Locator Strategies
- Selenium webDriver with Java
- Java programming
